## Navajo Nation Telecommunication & Utilities Two Way Radio Communication Policy & Procedures

---

**Authority:** Pursuant to Government Service Committee Resolution No. GSCJN-23-07, the purpose of the Navajo Nation Telecommunication & Utilities (NNTU) is to plan, administer and manage the telecommunications and utilities activities for the Navajo Nation governmental offices.

**Purpose:** The Department seeks to deliver a state-of-the-art two way radio communication system for the Navajo Nation governmental offices. The department strives to provide quality and reliable services in a cost efficient manner.

**Policy:**

The Navajo Nation Telecommunication & Utilities (NNTU) shall manage and maintain all two way radio activities for the Navajo Nation governmental offices. All Navajo Nation departments/programs shall request for two way radio communication services through the Navajo Nation Telecommunication & Utilities. NNTU will be responsible for conducting periodic maintenance and inventory on two way radio system.

**Definitions:**

Two Way Radio system - A combination of mobile, portable, and base station radios that when used together, enable the workgroup to efficiently communicate over a large area without being at the same physical location.

Two way radio - A wireless communication device used to transmit and receive voice messages over the airwaves.

Base station radio - A two way radio permanently mounted in a building that can be used to communicate with other two way radio units.

Mobile radio - A two way radio permanently mounted inside a vehicle used to communicate with other mobile, base station or portable two way radio units.

Portable radio - A two way radio that can be carried or worn so that the user's communication is not limited by the location of the radio and can be used to talk to other portable, mobile, or base station radios.

Federal Communication Commission (FCC) license - A legal authorized license issued by the Federal government to operate a two way radio communication system on a specific radio frequency.

Ancillary equipment - Towers, grounding systems and power systems.

Procedures:

1. All two way radio repair services shall be requested to the Navajo Nation Telecommunication & Utilities by completing the Two Way Radio Work Order Request form (Attachment A) for the following:
  - a. Installation, removal and programming of two way radio and ancillary equipment
  - b. Repair and maintenance of two way radio and ancillary equipment
  - c. Installation and removal of other related equipment (i.e. sirens, traffic radars and code 3 lights)
2. NNTU will be responsible for procurement and selection of qualified vendors to provide two way radio communication equipment repair and maintenance service for the Navajo Nation governmental offices.
3. All costs associated with repair and maintenance will be as follows:
  - a. Leased equipment - all costs will be the responsibility of the leaser
  - b. NNTU owned equipment – all costs will be the responsibility of NNTU
  - c. Department owned equipment – all costs will be the responsibility of the department
4. NNTU shall be included in the procurement of all two way radio equipment for the Navajo Nation governmental offices.
  - a. All procurement shall be in accordance with the Navajo Nation procurement regulations and laws.
  - b. NNTU shall approve all department/program two way radio equipment procurement to ensure Navajo Nation two way radio system compatibility and interoperability.
  - c. NNTU shall provide technical assistance in acquiring standardized two way radio equipment.
  - d. NNTU shall assist departments with funding for procurement of two way radio equipment contingent upon Fixed Cost annual appropriation.
  - e. All procured equipment shall be delivered (shipped) to Navajo Nation Property Management for proper accounting and tagging.

Shipping Address:

  - c. NNTU will conduct an inventory on a quarterly basis and/or pursuant to department inventory schedule for leased and department owned equipment.
  - d. NNTU, in conjunction with the leaser, will conduct annual inventory of all two way radio equipment at all two way radio sites.
  - e. NNTU will coordinate disposal of obsolete and irreparable equipment with applicable department and Navajo Nation Property Management.
  - f. Donated equipment will be maintained and accounted for by the department.
6. NNTU will ensure the proper usage and care of two way radio equipment:
- a. All departmental personnel shall utilize two way radio equipment for the purpose of Navajo Nation government business only.
  - b. All assigned equipment shall be kept in good working condition by the employee.
  - c. Any cost associated with the misuse and abuse of equipment shall be the responsibility of the employee.
  - d. All stolen and vandalized equipment will require the employee to file a police report and be reported to NNTU within 24 hours.
    - i. If cost or value exceeds \$500, a Property Lost report will need to be filed with the Risk Management Department.
7. NNTU will serve as the custodian of all two way radio frequency licenses issued to the Navajo Nation, which will include the following activities:
- a. Maintain a complete inventory of all licenses
  - b. Renewal and modification of licenses
  - c. Request for new licenses on behalf of the Navajo Nation
8. All operation of two way radio equipment is subject to the rules and regulations of the Federal Communications Commission (FCC). Any infractions of the FCC rules and regulations are subject to penalties set by the FCC. For additional information, visit the FCC website: <http://www.fcc.gov>
9. All non-compliance issues will be subject to the Navajo Nation Personnel Policies Manual (NNPPM), Section XII, Sub-section G, Table of Penalties, Item 22, Misuse of Nation Property or Services.

- a. First Offense: Suspension (up to 15 working days)
- b. Second Offense: Suspension (up to 30 working days)
- c. Third Offense: Removal

Any amendment to this section of the NNPPM applies.

- 10. Clarification to the Two Way Radio Policy and Procedures  
The NNTU department may issue whatever additional directives and memoranda deemed necessary to clarify the intent of these policies and procedures.
- 11. Amendment to the Two Way Radio Policy and Procedures  
The policies and procedures may be amended when necessary with the approval of the Government Services Committee.
